5 reasons why you should explore Tupperware:

1. Tupperware is publicly traded, giving you visibility to the financial stability of the 64 year company. And we have proven systems in place.
2. Tupperware does not require or encourage inventory. Your initial investment is for a demonstration kit. You receive approximately \$370 in products and supplies for only \$99.99. Experience our NEW Confident Start Program with Profits and reward value of up to \$3457.50 in your first 13 weeks! If after trying the business you decide it isn't a good fit for you, it's still a WIN. You just add your kit to your kitchen. You don't have a closet of product to liquidate.
3. Sales force members have FREE access to the "online back office", which is where you get information, training and place orders. Many companies charge a monthly or annual fee. Should you decide to have a website, the hosting fee is only \$7.95 per month and is FREE to those that have \$500 in monthly retail sales.
4. Sales force members do not pay credit card fees. This is HUGE!
5. Everyone eats. No one likes to waste food. Which means that everyone needs your product. And there is no other QUALITY food storage container on the market.
